> Ms. Gaarlandt asked if there are any additional Amenities on site that the District should start getting involved with. She also noted that Mr. Adams had mentioned that the District might enter into a contract with the management Company. Mr. Adams said that they can but he would have to abstain from any conversation or vote on that because he has a financial interest in that. He stated that right now he is prepared to provide those services through the end of the year on a pro bono basis until the District gets 100% stabilized. He stated that the Amenities has been opened for a few months and the District is working out issues with the cameras.

> Mr. Adams asked about Mr. Glasgow's role. Ms. Gaarlandt stated that he is a Field Associate. Mr. Adams said that the parties can work out some thing where Mr. Glasgow is in the role and HCM is backup and they are out there as part of the HOA. Ms. Gaarlandt stated that Mr. Glasgow is on site on a regular basis and asked Mr. Adams to let the District manager know if there is anything specific he wants them to do.

ELEVENTH ORDER OF BUSINESS

Supervisor Requests and Audience Comments

Mr. Adams asked for a motion to authorize staff to work with the Board of Supervisors to review a one-time treatment of the hydrilla on the large pond and perhaps working out a cost-sharing arrangement with the Phase 1 HOA, who also utilizes that pond for the stormwater. He stated that it would be outside of the regular ongoing pond maintenance. Mr. Walsh asked if the District needed a motion for that. Mr. Adams stated that it could cost between \$14,000.00 - \$15,000.00 to treat it. Ms. Gaarlandt stated that they would need the Boards approval and noted that the Board could authorize the Chair to work with staff to finalize the pond clean up.

ON MOTION by Mr. Adams, seconded by Mr. Walsh, with all in favor, the Board approved a not-to-exceed amount of \$20,000.00 for Pond Cleanup.

Ms. Gaarlandt asked if there were still some outstanding proposals for the onetime cleanup. Mr. Adams responded that there were some proposals a while back addressed to the Developer that needed to be readdressed to the District and the Phase 1A HOA. He stated that he thinks that the District should address it. The Board discussed the cause of the hydrilla issue and the possibility of the migration of the hydrillas to various ponds. The Board discussed putting in carp in order to get rid of the vegetation. Mr. Adams stated that he would like some input from the Phase 1 HOA because they have 20 houses that front that pond and the District will be having homeowners now. He stated that the pond that needs the most work was put in in 2006 but was part of the Phase 2 lands and Phase 1 permit with an easement but the individuals that owned Phase 2 did not maintain it. He stated that he got it regraded last year but it needs regular maintenance along with the other ponds.

There were no audience comments.

RE: Past Due Notices from Lakeland Electric

Lisa,

I have worked out the following agreement with COLE. They recognize that our usage has come down dramatically, however it is still above the amount covered by the initial impact fee paid. Our current usage is running around 32K-33K at Peregrine and 28K-29K at White Egret. COLE has agreed to reduce the original impact fee assessment by 66% as long as our usage remains in the above mentioned ranged for the next 6 months. If at the end of 6 months our usage has increased, we may owe an additional fee. However, you will not see any additional charges for the next 6 months. I have agreed to make the following payments now.

Acct# 3555225 (3606 Peregrine Wy #W/I) - \$3,430.00 (Originally billed \$10,290)

Acct# 3555224 (5107 White Egret Ln #W/I) - \$2,520.00 (Originally billed \$7,560)

Please process a Payment Authorization at your earliest convenience. Keenan has cancelled the disconnect notices.

Shamilyn,

Attached is the email I sent to Joel with notices from Lakeland Electric. When I received those letters, I have contacted Lakeland and requested to have them continue the survey per Joel's instruction. The other attachment here is an email thread just so you have some history. So I am assuming that the charges on PA86 are valid and hopefully we'll not hear anything back from Lakeland.

Thanks!

From the waters edge out into the lake we will remove wood vegetation and cattail only. We will NOT target torpedo grass for removal. By targeting these types of vegetation the homeowners should have clear view and the landscaper should be able to establish a reline so this doesn't happen again. Date:

Subject: Fiscal Year 2018/2019 Annual State Fee and Update Requirement

Post-Marked Due Date is December 3, 2018

This memo contains the instructions for complying with the annual state fee and update requirement using the enclosed Fiscal Year 2018/2019 Annual Special District Fee Invoice and Update Form (form). The fee remains at \$175 per special district, unless the special district certifies that it is eligible for a zero fee. To avoid a \$25 late fee, the fee must be post-marked or paid online by December 3, 2018.

The Purpose of the Annual State Fee

Chapter 189, Florida Statutes, the Uniform Special District Accountability Act (Act), assigns duties to the Special District Accountability Program within the Florida Department of Economic Opportunity (DEO) and requires DEO to annually collect a state fee from each special district to cover the costs of administering the Act. For more information, see www.FloridaJobs.org/SDAP.

The Purpose of Reviewing the Special District's Profile

The Act, along with Rule Chapter 73C-24; Florida Administrative Code, requires each special district to maintain specific information with DEO and requires DEO to make that information available through the Official List of Special Districts (www.FloridaJobs.org/OfficialList). The Florida Legislature, state agencies and local government officials use that information to monitor special districts, coordinate activities, collect and compile financial and other information and make informed policy decisions. Therefore, it is important for each special district's registered agent to annually review the information on file with DEO and let DEO know if anything needs to be corrected or updated.

Reminders

Each newly created special district must have an official website by the end of the first full fiscal year after its creation. All other special districts should already have an official website that contains specific Information (see www.FloridaJobs.org/SDWebsites#offwebsite). If the special district's official website address is not listed on the form, the special district must provide it.

The recently updated Florida Special District Handbook (www.FloridaJobs.org/SpecialDistrictHandbook) covers general operating procedures for special districts. DEO encourages all special district staff and governing body members to review this handbook to help ensure compliance with state requirements.
